

Join the Butterfly Collective and create positive change through lived experience

Have you experienced an eating disorder or body image concerns?

Are you a carer, family member or supporter of someone experiencing an eating disorder?

Do you want to use your lived experiences positively to change the way Australians think about body image and eating disorders?

Join Australia's largest eating disorder lived experience network, the Butterfly Collective, to support the work of the Butterfly Foundation and the broader sector.

As a Butterfly Collective member, you will have the opportunity to participate in educational training and will be invited to contribute your expertise to eating disorder research, public policy, evaluation, strategy, advocacy campaigns, and service design.

"I've thoroughly enjoyed being part of the Butterfly Collective. It has empowered people like myself with lived experience of eating disorders to be a more active participant in the conversations and decisions that impact us"

**- Jeanette,
Butterfly Collective member**

If you are ready to make a difference by sharing your voice and perspectives, then you can join the Collective here:
